PRINTING

The majority of our downloads are formatted to print on 8.5x11" paper, unless otherwise noted. You may print at home or at a local print shop. We recommend using a recent version of Adobe Acrobat PDF Reader to view and print your files. It is available for free online. If you run into problems with pages being cut off, select "fit to page" in your print dialogue box to make sure it fits on your page correctly.

To print large page sizes (anything larger than 8.5x11"), we recommend going to a local print shop like Kinko's, Staples, AlphaGraphics, etc. and ask them to print your file as a black and white "engineer print" or "blueprint." These larger prints are big and fun, and fairly inexpensive.

If the staff at your print shop asks you about your rights to reproduce this work, you will find a copyright release below. Or you can tell them you downloaded these files for personal use from comefollowmefhe.com and they can look us up to see you do have rights to print the copies.
