About This Download

PRINTING

The majority of our downloads are formatted to print on 8.5x11" paper unless otherwise noted. You may print at home or a local print shop. We recommend using a recent version of Adobe Acrobat PDF Reader to view and print your files. It is available for free online. If you run into problems with pages being cut off, select "fit to page" in your print dialogue box to make sure it fits on your page correctly.

To print large page sizes (anything larger than 8.5x11"), we recommend going to a local print shop like Kinko's, Staples, AlphaGraphics, etc. and ask them to print your file as a black and white "engineer print" or "blueprint." These larger prints are big, fun and fairly inexpensive.

If the staff at your print shop asks you about your rights to reproduce this work, you will find a copyright release below. Or you can tell them you downloaded these files for personal use from comefollowmefhe.com and they can look us up to see if you do have the rights to print the copies.

Stained Glass Sidewalk

DOCTRINE & COVENANTS 95:8

Have you ever noticed the beautiful details that go into the temples around the world? Some have tall spires, others are a unique color and many have stained glass windows. Read Doctrine and Covenants 95:8, where the Lord commands His people to build a temple.

Many people helped construct the temple, which included beautiful windows made with crushed dishes and china. As a family, create your own stained glass windows with sidewalk chalk and share your work!

To make your stained glass sidewalk, use masking or painter's tape to create several lines angling into each other on one sidewalk square. Then, have fun coloring each section a different color. Be sure to color in the whole section. After you have colored each section, pull up your tape to reveal your "stained glass" sidewalk.

*You can also do this inside on a canvas instead. Use tape to make your lines, then use paint to cover each section. When the paint is dry, remove the tape to reveal your "stained glass."
